**Every worship (including class workshops) MUST**

- Open our chosen call and response that is Christian – adult leading “Peace be with you” children response “an also with you”.

- **GERS – Gather, Engage, Reflect, Send**
- A link to the Bible or a specific Bible focus - **link back to the Bible** or to the **Christian value**, you can always use some of the quotes for this term, which I have given you.
- **Hymn & Prayer** (some music in class worships instead of a hymn)
- **Send message** – adult leading “As we leave this place and go on with our day” children continue “let us continue to grow together towards life in all its fullness.”

**Class worships – There are 3 set worships that you must do The other 2 you can either do Picture News or you may have an area that you would like to address with you class linked to Personal & social issues or some Reflection & Spirituality time**

Picture News is an online resources that provides opportunities for learning from around the world. It uses current news stories, images and thought-provoking questions to support Worships & teaching
