Home Learning optional projects

If you would like to, please choose one project and bring it in on the first day back after the October half term.

Option A

Geography- We are learning about the water cycle. Can you create a model of a water cycle? Think about the four different stages – Evaporation, Condensation, Precipitation and Collection!

Option B

Science- We are learning about habitats! Can you create a poster or painting of your favourite habitat? What animals may you find there?

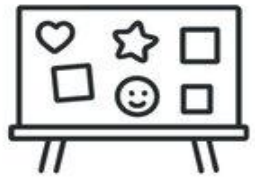

Option C

DT- This term we are looking at bridges. Can you create a bridge at home? Maybe this is a bridge around your kitchen or across the garden? What techniques will you use to make it strong?

You can find our yearly learning journey on our school website. This shares the units in each subject that we will teach this year.

Growing together towards life in all its fullness

Bring and Present timetable - Term 2

Children can prepare a 5 minute presentation about a chosen subject/topic with a focus on their presentation skills. Children can use objects, photos or a screen to help them present and answer any questions in their 5 minute slot.

Parents can email any resources they will need to the Class Elm email account.
